Good morning,

Could you please advise if the shipment will depart today? Thanks.

Thank you.

****SPECIAL NOTE: TSA mandates screening for all international freights, including both passenger and cargo freighter. The screening process might result in offloads and delays from original flights without notice. ****

Please note: Bookings are confirmed but not guaranteed and are subject to offload/delay at the availability of flight departure. Feel free to check with us for express/priority rates and services.

Best Regards,

Maria was missing 35 mins without notice
